

THE ANGELIQUE-ART SCULPTURE AWARD 2014 ENTRY FORM

Entry is open to all Queensland State and Catholic Primary Schools only.

Installation of the sculpture.

The outdoor sculpture will be coated with a sealant and therefore will also be low-maintenance. Each outdoor sculpture will be provided with design drawings for the re-enforced concrete footing(s) which will be the responsibility of the awarded school to construct. Considering the scale of the sculptures for the Award (less than one tonne), the required footing(s) will be of a modest scale and cost. The artist is happy to provide assistance or advice where possible to ensure a successful placement of the artwork. (Instructions for installation will also be provided) The artist is also offering delivery and installation free of charge for any school in South-East Queensland. Schools outside this region can negotiate a delivery fee with the artist, or alternatively arrange transport themselves. (Queensland Rail and other transport companies will be approached for support and assistance with delivery if required). Please don't be put off entering because your school is outside of South-East Queensland. Antone is keen for schools all over Queensland to enter and will help problem solve delivery if this is an issue.

Please be aware that the school will be responsible for the installation costs. To win the sculpture, your school needs to complete a submission.

Creative entries are encouraged.

Entry Details

Name.....
School
Address
Email
Fax

Why do you want the sculpture at your school? Does the school have a suitable place for a sculpture? Or is the school willing to create a special place for the sculpture? Where would you place the sculpture and why? Please support your answer with a map and a photo (you will need to consider whether it is feasible in this position). How does the school and staff encourage interest in 3D artwork and to what degree? Is sculpture an accepted element of the Arts programme? We are also looking for the most creative application from students, staff and hopefully parents combined. We would like to see community interest and involvement if possible.

This submission requires the approval of your Principal.

I have read this document and fully support the conditions of entry.
